## 2010-2015 CAMARO SUPERCHARGER

Kraftwerks is pleased to announce the release of the intercooled supercharger system for the 2010 to 2015 Chevy Camaro SS. Featuring the largest supercharger offered from Kraftwerks, capable of supporting 700hp.

At 7psi of boost pressure, the Kraftwerks supercharger system produces over 600hp through the OEM headers and exhaust. With the linear power curve throughout the entire power band, due to the patented traction drive technology, the power transmits through friction forces between its rolling elements.

**KIT INCLUDES:**

- Rotrex C38-91 Supercharger
